

# Open Call for Individual Fellowships

## 2026-2027 Academic Year

**THE ISRAEL INSTITUTE FOR ADVANCED STUDIES** at The Hebrew University of Jerusalem (IIAS) invites established scholars **with tenured position** in an academic/research institution from Israel and abroad to submit proposals for an individual fellowship at the IIAS for the 2026-2027 academic year. Topics may cover any research area from any discipline and must seek to be innovative, with the potential to impact research in the field. Two or three scholars who will collaborate on the same project should apply individually and state clearly that they wish to work together.

Fellows spend their residency at the IIAS, located at the Edmond J. Safra Givat Ram campus of The Hebrew University of Jerusalem. The IIAS provides fellows with a nurturing and stimulating academic environment, as well as administrative support. Fellows from abroad receive a generous fellowship and subsidised accommodation.

Our expectation is that fellows' residency will result in creative and original research that can be shared with the international research community.

### Eligibility to Apply

Scholars may be from Israel or abroad and **must** have a tenured position within an academic research institution. Former fellows may apply for an individual fellowship once 10 years have elapsed from the end of their previous term to the beginning of the academic year of their fellowship. **This fellowship is not open for postdoctoral researchers.**

### Period of Residence

The IIAS academic year runs from September 1 to June 30. Residencies are available for 10 months or 5 months and, the proposal should contain the requested period of residency according to the following options:

A 10-month residency starting September 1

A 5-month residency beginning September 1 or February 7

### Application Deadline and Notification

The online system will be open for submission on **September 1, 2024**.

The deadline for application submission is **December 1, 2024**.

Incomplete applications will not be considered.

The IIAS Academic Committee announces its decisions regarding the selected proposals within seven months of the submission deadline.
